

Continuity Plan (COOP) Training

WHO SHOULD ATTEND?

User Training (4 Hours)

If your Organization/Department is currently participating in the www.NevadaContinuity.com system, please join us for COOP 101 Training.

Training Objectives:

- Provide users an overview of a Continuity of Operations Planning (COOP), including its importance, terminology, benefits, planning, and implementation.
- Provide users with hands-on, interactive training in the www.nevadacontinuity.com system to updated and/or buildout the COOP.
